EGO DEO LINE

EGO CREAMS are designed for sensitive underarm skin, and are specifically formulated to prevent the spread of unpleasant odors after sweating and excessive sweating. They are intended for all generations, especially young people and athletes. Thanks to carefully selected ingredients, they have a strong antiperspirant effect, as well as the ability to neutralize unpleasant body odors. They contain lactate esters that prevent the spread of unpleasant odors. The collection consists of 3 types of creams: **EGO SOFT** as a universal cream for everyone, **EGO RELAX** specifically created and intended for the male population, and **EGO SILKY TOUCH** created for women.
